

Bluebell Management

We are working in the wood to protect the native English Bluebell and reduce the invasion of the Spanish and hybrid bluebells.

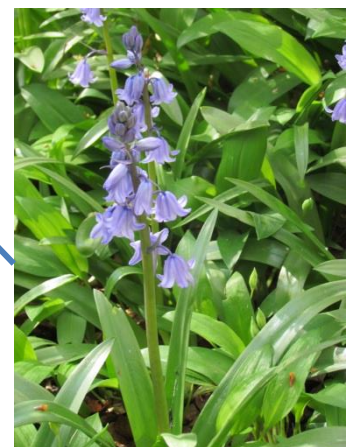

English or Native Bluebell

English Bluebells have a long curved neck with all the bells hanging on one side and narrow leaves

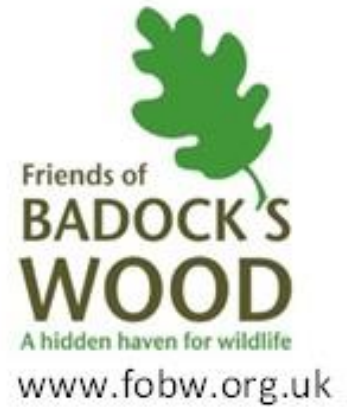

Spanish and hybrid bluebells are upright and have fatter leaves

Spanish / hybrid
bluebell

Bluebell Management

We are working in the wood to protect the native English Bluebell and reduce the invasion of the Spanish and hybrid bluebells.

Next Work Party

Sunday 11th May at 2.00 pm

Meet at the Lakewood Road entrance

Please wear sturdy footwear, bring suitable clothing - waterproofs or sunhats, drink etc. We will provide tools, gloves and training
